ARTICLE TITLE:

1. The signee(s) below, as the author(s), attest that they are the owners of all materials included in the above Article and its associated rights such as copyright, or they have rectified any rights issues with third parties.
2. The signee(s) below, as the author(s), grant TUOMS PRESS, an imprint of Tabriz University of Medical Sciences (the Publisher), exclusive rights and license to publish and distribute the above Article, submitted to the *Journal of Research in Clinical Medicine* (the Journal), eISSN: 2717-0616, in print and electronic forms, as Open Access and licensed under the Creative Commons Attribution License 4.0 (<https://creativecommons.org/licenses/by/4.0>), while retaining the copyright to their work.
3. The signee(s) below, as the author(s), attest that they have participated sufficiently in the intellectual content, conception and design of the above Article or the analysis and interpretation of the data (when applicable), as well as the writing of the manuscript, to take public responsibility for it and have agreed to have their name listed as a contributor.
4. The signee(s) below, as the author(s), attest that all persons who have made substantial contributions to the work reported in the manuscript, but who are not contributors, are named in the Acknowledgments section in the above Article and have given the authors their written permission to be named; and If the above Article does not include any statements in the Acknowledgments that means the authors have not received substantial contributions from non-contributors and no contributor has been omitted.
5. The signee(s) below, as the author(s), attest that financial interests, direct or indirect, that exist or may be perceived to exist for individual contributors in connection with the content of the above Article have been disclosed in the Competing Interests section in the Article; and that sources of outside support of the project are named in the Funding section in the Article.
6. The signee(s) below, as the author(s), attest the above Article represents valid work; neither this manuscript nor one with substantially similar content under my/our authorship has been published or is being considered for publication elsewhere, except as described in the writing to the Journal.
7. The signee(s) below, as the author(s), attest that all the data collected during the study is presented in the above Article and no data from the study has been or will be published separately.
8. The signee(s) below, as the author(s), attest that, if requested by the editor, I/we will provide the data/information or will cooperate fully in obtaining and providing the data/information on which the manuscript is based, for examination by the editors or their assignees.
9. The signee(s) below, as the author(s), give the rights to the corresponding author to make necessary changes in the above Article as per the request of the Journal, and do the rest of the correspondence on our behalf.
